E6.4.R1. Students will be able to understand short and simple texts about the weather, weather conditions and emotions.

4. Read the text and answer the questions.

Dear Ethan,

In the last postcard you sent, you said that the weather is always warm and humid in Singapore. This is surprising for me because we are experiencing four seasons in Maçka, Türkiye.

In summer, the weather is very hot. We can go to the beach to swim and sunbathe. I feel energetic and happy in this season. In autumn, the weather gets colder. It is rainy and windy. I feel moody and sleepy on rainy days. In winter, it usually rains, and sometimes it is snowy. I feel excited and happy because I like playing snowball. In spring, it's sometimes rainy and partly cloudy. The weather gets warmer. I sometimes feel energetic in this season.

I hope you can come to Türkiye, and we can experience different beauties of four seasons together.

Warm wishes from Maçka,

Eren
