

Answer the questions (1-2) according to the text below.

Hi, my name is Ali and I live in Ankara with my family. Last summer holiday, my brother Hakan and I went to Antalya to visit our aunt. There was so much to see in that city and there were a lot of activities to do there. Antalya is a big and touristic city and we stayed there for a week. On the first day, I tried parachuting because I love dangerous and challenging sports and it was great. My brother Hakan likes water sports so he didn't want to try it. He preferred diving. The next day, Hakan and I tried wind-surfing. It was nice but I think parachuting was more entertaining. On the third day, Hakan swam in the sea and I wanted to try bungee jumping. It was really thrilling and fascinating. It was a great holiday for us and we planned to come here again as soon as possible.
