

Answer the questions (1-2) according to the text below.

Hi, I'm Fiona. I'm 14 years old. My twin sister Julia and I are at 9th grade at a high school. We are twins but we have some different habits, hobbies and interests so we spent our free time with different activities. On weekdays, I always get up early and have breakfast in the mornings. At the weekends, I enjoy riding a bicycle, cooking in the kitchen and trying new dishes. I love listening to classical and folk music. I can't stand rock music. I think it is loud and unbearable, but my sister likes that kind of music. Also, she hardly ever has breakfast in the mornings and she is not interested in sports. But we have some hobbies in common, too. We both like going to the cinema and theatre together. Before going to bed, I always read a book and my sister prefers listening to music. We have something in common and sometimes think differently but we love each other very much because we are sisters.

1. Julia - - - -.

- A) enjoys trying different dishes in the kitchen
- B) thinks rock music is unbearable
- C) likes listening to music before sleeping
- D) and her sister have the same hobbies and interests

2. Which of the following pictures shows the activities that the twins do together?

- D) the number of the young social media users are more than the old ones

5. Which of the following graphics is CORRECT according to the information above?

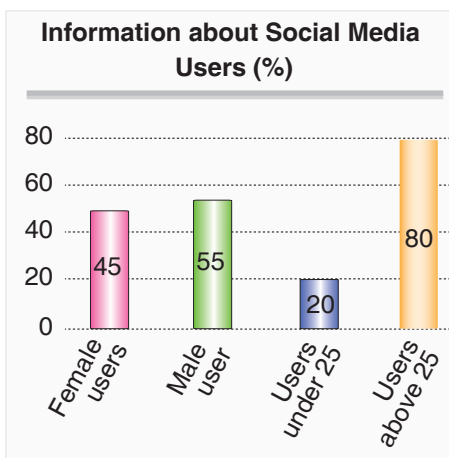

A)

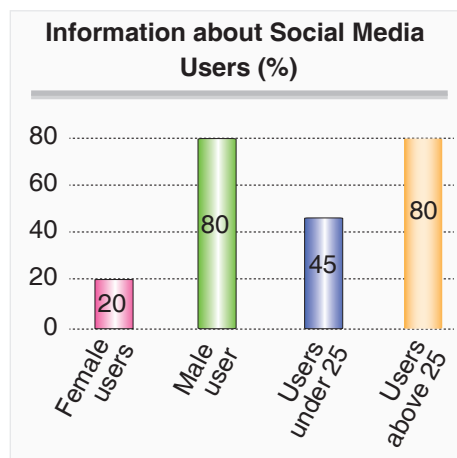

B)

C)

D)

6.

Social Media Habits of Teens in TURKEY

Last year, a research center prepared a questionnaire in order to get information about the social media habits of teens in Turkey. According to the results, 96% of the teens have social media accounts in Turkey. These teens are between 10 and 17 years old and they use one or more social media networks actively. According to the questionnaire, teens use social media networks for different purposes like communication with friends, posting photos, entertainment or making new friends. The results also say 80% of the teens use social media networks usually by mobile phones or tablets and the rest use their personal computers for social media.

Which of the following does NOT have an answer in the report results?

- A) Who prepared the questionnaire?
- B) How many teens joined the questionnaire?
- C) For what purposes do the teens use social media networks?
- D) What percentage of the teens use their personal computers for social media networks?
