

ANSWER KEY

_____ HIGH SCHOOL 2026 -2027 EDUCATIONAL YEAR 1ST TERM 1ST WRITTEN
EXAM FOR 10TH GRADES
(Senaryo 5)

Name - Surname:

Class - Number:

A. Read the text and complete the sentences. (8x2=16P)

Tom is a dentist. He works at a clinic and takes care of people's teeth. His wife, Betty, is a nurse at a hospital. She helps doctors and takes care of patients. Their daughter, Emma, is a university student. She studies biology. She is sociable and cheerful. She usually studies in the evening, but sometimes, when she has a lot of tasks, she studies after school. At weekends, they enjoy spending time together. On Saturday evening, they watch a documentary about healthy living.

1. Betty works as a **nurse**.
2. Tom workplace is a **clinic**.
3. Emma is studying at a **university**.
4. Emma usually does her schoolwork in the **evening**.
5. Emma sometimes studies after school because she has many **tasks**.
6. They spends time together at **weekends**.
7. The documentary they watch is related to **healthy living**.
8. Emma's personality is both sociable and **cheerful**.

B. Read the text, answer the question and choose Jeremy's house. (2x5=10P)

My name is Jeremy. I live in a smart house with my family. We use our phones to control the lights and heating. The doors lock automatically, and a robot vacuum cleans the floor while a Hoover cleans the rugs. In the kitchen, a smart fridge tells us when we need to buy food. In the bedroom, a smart wardrobe suggests what to wear. I love our house because it makes our daily lives easier and helps me save time.

What is the text mainly about?

The advantages of a smart house

C. Read the text carefully.

Each county has its own **educational system**. Many students in Japan attend junior high schools. They learn Japanese, maths, science and English. They spend time in the library, **courtyard**, canteen or gym. In their free time, some students practise judo, calligraphy or **traditional** Japanese music in the clubs. They also prepare for cultural festivals and **take part in** school sports days. In England, students can attend **comprehensive schools**. They learn subjects such as geography, history and design technology. At school, they use computer rooms, science laboratories and drama studios. Some students join the school robotics team or take part in the art or drama club. They may also visit historical sites and museums with their classmates.

a. Match the highlighted words/phrases to the definitions below. One is extra. (5x2=10P)

- comprehensive school**: state schools for students of different abilities
take part in: to participate in an activity or event
traditional: related to the customs and culture of a place or people
educational system: a national system for organizing schools and learning
courtyard: an open area in a school where students can spend time
