4. Emma usually does her schoolwork in the _____._.
5. Emma sometimes studies after school because she has many _____.
6. They spends time together at _____.
7. The documentary they watch is related to _____.
8. Emma's personality is both sociable and _____.

B. Read the text, answer the question and choose Jeremy's house. (2x5=10P)

My name is Jeremy. I live in a smart house with my family. We use our phones to control the lights and heating. The doors lock automatically, and a robot vacuum cleans the floor while a hoover cleans the rugs. In the kitchen, a smart fridge tells us when we need to buy food. In the bedroom, a smart wardrobe suggests what to wear. I love our house because it makes our daily lives easier and helps me save time.

What is the text mainly about?

_____

_____

The advantages of a smart house

C. Read the text carefully.

Each county has its own **educational system**. Many students in Japan attend junior high schools. They learn Japanese, maths, science and English. They spend time in the library, **courtyard**, canteen or gym. In their free time, some students practise judo, calligraphy or **traditional** Japanese music in the clubs. They also prepare for cultural festivals and **take part in** school sports days. In England, students can attend **comprehensive schools**. They learn subjects such as geography, history and design technology. At school, they use computer rooms, science laboratories and drama studios. Some students join the school robotics team or take part in the art or drama club. They may also visit historical sites and museums with their classmates.
